circumstances just mentioned by the secretary of that institution. The issue being up, they took over the management of the T. 1500, and allowed it to remain for the use of the company on the same terms as before, namely, T. 1500 per year, a very advantageous arrangement for the company.

Mr. DALL—But we could have easily borrowed money to buy the frontage?

Mr. LOW—And there are some shareholders who think it was most desirable that this frontage should have been got for the Company, if possible.

Mr. DALL—And we were unanimously of opinion that it was not desirable to buy it under the circumstances.

Mr. GUNDBY thought it was a matter for regret that the shareholders had not been consulted, as they might have thought the money obtained from the sale of the back property to Mr. Somers could have been advantageously employed in buying the Saloon's Home frontage.

The Chairman said the money received for the land bought by Mr. Somers had been already applied towards paying off the debt to the Hong Kong and Shanghai Bank.

Mr. LOW said what interest was being paid on the money left owing the Bank?

The Chairman answered 5 per cent.

Mr. LOW next inquired whether the Directors had any intention of allotting the shares that had not yet been allotted. Now that the shares stood at a premium, it might perhaps be well to allot the remaining shares, and pay off the debt to the Bank in that way.

The Chairman replied that the matter had already been discussed by the Directors, and they thought it was undesirable to issue the shares at present. Should the share go on as at present, for another couple of years, they would be able to pay off not only the Bank debt, but all other existing debts.

No further questions being asked, the Chairman moved—that the Report and Accounts of the Company for the year ending 31st December, 1877, as printed and circulated, be accepted and adopted.

Mr. BELL seconded.

The motion was carried unanimously.

The Chairman said that concluded the business before the meeting.

Mr. RICH asked if anything further was known respecting the Bonded Warehouse Scheme.

The Chairman replied that nothing further had been heard than that Mr. Fenton met the Chairman of the Committee at the Club, and sent the views of the committee to Mr. Hark at Tientsin. Probably when the Taka river was opened again, they would hear something further about it. He understood Mr. Hark was expected shortly in Shanghai.

On the motion of Mr. J. M. YOUNG, a vote of thanks was passed to the Directors for their services during the past year, and a similar complimentary motion was passed to Mr. Hark for presiding at the meeting terminated.—M. C. Daily News.

SHANGHAI

A decree in the *Peking Gazette* of the 22nd January reverts the land and grain taxes for the first half of the current year, in all the distressed districts of Shantung, to the *Heli* zone.

The China Famine Relief Fund has now mounted to over ten thousand taels from subscriptions in China and Japan. The treasurer has also received a contribution of three thousand taels, through the Home office of the Agent Bank, in addition to the two thousand five hundred taels before acknowledged.—*Courier*.

NAGASAKI

Many persons of the last rebellion, who were sent for hard labour to a northern province, showed their thankfulness for having been treated mercifully by the local Government, by asking to be allowed to return to their native land of which there exists an immense sea in the North.

On the 16th and 17th February the festival known as the *Shin-no* (Lak) took place in the spirit of the dead) was celebrated in the town. This festival was held in honor of the heroes who fell in the Formosan war, and the *Shin-no* rebellion of last year. On Wednesday, which was a holiday day, the town was crowded with many dressed people, while the streets were decorated with singing girls (*gashas*) and others, all in their best attire. The police officers were entertained at the banquet by a number of matrons, and the dancing girls, who were given as a holiday throughout Nagasaki. Sunday proved a wet, disagreeable day, and outdoor amusements were impossible, but no doubt there was good cheer within doors, and the observance of the holiday was probably none the less hearty in spite of the weather. The second day's festival was postponed until the 18th, when a fine day enabled all interested in the ceremony thoroughly to enjoy themselves.—*Herald*.
